

Visitor Policy (Covid Update)

(Updated March 2022)

Settling in Sessions/Transitions

At this present time parents may not enter the nursery for the purpose of settling in sessions. All handovers will be completed at the gate. All children will need to keep to their drop off and collection times to ensure staff ratios. It is important that social distancing rules are still followed. The children will be collected by a member of staff and taken to their room for their session. The parents will not be able to spend time in the children's class rooms to minimise any risk of infection. We have introduced drop off zones for each class.

Visitors

Parents / careers or visitors are currently not permitted to enter the premises unless authorised to do so by the nursery management. Visits to the nursery will not be encouraged unless it involves a safeguarding issue or a professional to assess a child's development, which cannot be resolved by telephone. However, we are re-introducing parent consultations with your child's key person at the nursery. We will also be holding events again, such as the Christmas nativity and sport days.

Nursery Show Around

Prospective parents should make use of the nursery website for information relating to the ethos and organisation of the nursery. There are photos showing the nursery and the activities that take place on our Facebook page. If the parents then decide to take up a place, the nursery team will be able to give you all the information you require. Once enrolled parents have access to our Babysdays system that follows your child's learning and development. Parents can join our private face book group, we have for each class to keep them updated with the class news and activities.

Prospective parents where a nursery space is available can now make an appointment to have a show around of the nursery these will be available on Monday and Friday mornings. Please call to make an appointment.
